

BRAINways
EDUCATION
excellence through education

Complementing the offering of the intensive 7251EPS: Gifted and Talented (a course part of the Masters of Education Studies), Academicus is a program which allows gifted and talented students the opportunity to work with experts in Gifted Education, and teachers enrolled in the course the opportunity to observe experts in Gifted Education at work and to apply their learning to classroom situations.

Therefore, Griffith University in conjunction with BRAINways EDUCATION invites gifted and talented students of the Gold Coast to participate in:

ACADEMICUS:

Drama: A World of Emotions

This workshop is part of a four workshops program developed by BRAINways EDUCATION.

In this workshop students will begin an intermediate navigation through the importance of emotional expression within performance. The students will participate in physical theatre, dance and text based exercises designed to educate about the diverse nature of emotional expression within performance. A multi-sensory experience, this drama program will provide the opportunity to show, rather than tell, investigating the layers and the context of complex emotions. The movement theatre will also be used in emotions expression. By including the students in the decision making process and in the process of reflecting on exercises, the program will facilitate the development of self awareness, self expression, creativity, 'out of the box' thinking and problem solving skills.

A program for students year levels 4-6.

Program developed and presented by BRAINways EDUCATION.

Program Dates: Tuesday, 28 September, 2010

Program Times: 12.30pm - 3.00pm (please arrive 15 minutes early for registration)

Place: Griffith University, Parklands Drive, Southport, Qld.
